She said, he said: when you're gone
Will it really matter where are you're from?
She said, he said: when you're strong
Are you really happy if you're so alone

Couplet

I try to chill, I try to stop being so mad
But it's hard to do it if I'm scared
Try to feed, try to fill the hole
But I don't ever feel I've reached the goal
